Vermont	Yes, began lifting restrictions for some businesses on April 20; set to be lifted May 15	Yes	In the Agriculture and Forestry sector, in person operations may continue under the Governor's Executive Order under certain circumstances. Section 6(k) of the Executive Order states that "agriculture and farms, animal shelters, production and delivery of seed, chemicals and fertilizers, CSAs and veterinarians" are deemed critical and may continue in-person business operations.	The agency interprets this to include snow removal, building services such as janitorial services, and security services, pest control and maintenance and repair operations that are essential to protecting property. However, businesses may continue limited in-person business operations to protect an asset from failure or damage. Any work that can be delayed, must be delayed, including capital improvements such as expansions. To be clear, work to "get ready" for the season should not be happening.	Property Management & Landscaping businesses may conduct limited in-person operations. Section 6(m) states that "other building and property services for the safety, sanitation and operations of residences or other businesses" are deemed critical. The Agency interprets this to include snow removal, building services such as janitorial services, and security services, pest control and maintenance and repair operations that are essential to protecting property. Businesses should not continue aesthetic services such as gardening, tree pruning (if not essential for safety), or spring lawn cleanups. However, businesses may continue limited in-person business operations that protect an asset from failure or damage. Examples of acceptable work include but are not limited to: minimal and basic care of golf courses, ball fields, campgrounds, and trail networks to prevent damage and loss. Any work that can be delayed, must be delayed, including capital improvements such as expansions. To be clear, work to "get ready" for the season should not be happening.	Not addressed.	Closed; however, businesses may continue limited in-person business operations that protect an asset from failure or damage. Examples of acceptable work include but are not limited to: minimal and basic care of golf courses. Any work that can be delayed, must be delayed, including capital improvements such as expansions. To be clear, work to "get ready" for the season should not be happening.	The Governor's Executive Order allows in-person business operations to continue at retail businesses for the following: hardware stores, provided, these retail operations shall be conducted through online and telephone orders for delivery and curbside pickup to the extent possible;	<a href="#">Vermont</a>	<a href="#">Additional Economic Reopening Steps in Vermont</a>
