

ADVANCED TURF SOLUTIONS

Now offering **Ninja®** tines

ABOUT NINJA TINES

Ninja tines are an innovative tine designed to remove organic material only. The tine pulls a small diameter core that can be quickly blown off to allow immediate play.

LENGTH: 4.3"

MOUNT: 0.375"

OD: 0.275"

ID: 0.157"

WHY USE NINJA TINES?

PLAYABILITY

Aerating leads to better soil conditions. Better soil conditions translate to better playing conditions.

REVENUE

Aerify ahead of play; no need to close the course and lose revenue.

TURF & SOIL HEALTH

Ninja tines increase oxygen levels, percolation, and reduce organic matter with no surface disruption.

PURCHASING NINJA TINES

Ninja tines are made from the purest steel alloys and sold individually. *Ask your sales rep for more purchasing details.*

FREE HAT!

Qualifying purchases of \$200 or more will receive a free hat!
