### **SMART**

Providing the best value and quality grass seed for your long-lasting investment.

### **SERVICE**

Numerous locations to serve you better. Offering to-your-door forklift delivery.

## SOLUTIONS

Knowledgeable sales reps to assist you in solving your toughest turf problems.

### KENTUCKY BLUEGRASS BLENDS

SEEDING RATE (per 1,000 sq ft) PACKAGE

Advanced 80/20

3-4 lbs

50 lbs

80% Kentucky bluegrass varieties mixed with 20% perennial ryegrass to speed germination and diversity.

### Advanced Athletic Blue/Rye

50% wear-tolerant, disease-resistant perennial ryegrass blended with 50% Kentucky bluegrass for a durable mix that is suitable for many locations.

### Advanced HGT

2-3 lbs

50 lbs

Advanced HGT is a hearty bluegrass blend that is easy to grow, fast to establish, and resistant to disease. These benefits, combined with a remarkable tolerance to heavy traffic, make Advanced HGT the ideal choice for any bluegrass application.

#### TWCA 100% KBG Blend

2-3 lbs

50 lbs

This is a blend of elite Kentucky bluegrasses that meet the criteria of the Turfgrass Water Conservation Alliance and are high performers in NTEP These grasses need 40% less water after establishment for survival. This blend has superior heat and drought tolerance. Combined with XCD coating, this is a terrific environmental choice.

### 365ss Premium Blend

2-3 lbs

50 lbs

365ss is a revolutionary new bluegrass blend that offers the best of what sports turf professionals demand. 365ss is extremely fast to germinate and establish, crowding out weeds and creating a dense sward that offers superior sod strength. 365ss also holds up to extreme wear and traffic, recovering quickly between games and allowing for more use with fewer days in between.

### RYEGRASS BLENDS

SEEDING RATE (per 1,000 sq ft)

PACKAGE SIZE

Advanced Sunny Mix

70% PR. 30% KB.

5-6 lbs

50 lbs

Advanced Landscape Mix

5-6 lbs

50 lbs

50% PR. 30% KB. 20% Creeping Red Fescue.

### Advanced RPR

6-7 lbs

50 lbs

Barenbrug's innovative research has produced a new turf perennial ryegrass subspecies; Lolium perenne ssp. stoloniferum. Called RPR (Regenerating Perennial Ryegrass), it exhibits superior traffic tolerance and recovery through a spreading growth habit. The Advanced RPR blend contains the best genetics available to outperform other wear-tolerant ryegrasses.

### Breakout STT

7-15 lbs

50 lbs

The latest generation of turf type annual ryegrass provides a darker color, much finer leaf texture, and more compact growth than older varieties. Suggested for overseeding and new seedings where rapid establishment of high-quality turf for seasonal persistence is required.

### Advanced GLR Perennial Ryegrass 4–8 lbs

50 lbs

This is a carefully selected blend of disease resistant and drought tolerant ryegrass varieties. Advanced GLR displays a very dark green color and density at variable mowing heights. It's good for overseeding and permanent stands of turf.

### FINE FESCUE BLENDS

SEEDING RATE (per 1,000 sq ft) PACKAGE SIZE

Advanced Shade Mix

5-6 lbs

50 lbs

50 lbs

35% Creeping Red Fescue, 20% Chewings Fescue, 20% PR, 15% Hard Fescue, 10% KB.

Pure Seed Fine Fescue Blend 3-5 lbs

This is a combination of fine fescues that can be left to grow out and produce beautiful seed heads or mowed to produce a drought- and shade-tolerant lawn.

# TURF TYPE TALL FESCUE BLENDS

SEEDING RATE (per 1,000 sq ft) PACKAGE SIZE

50 lbs

Advanced Athletic Tuff Mix

80% TTTF, 10% KB, 10% PR.

6-8 lbs

**Advanced Contractors Mix** 

6-8 lbs 50 lbs

70% TF, 20% Annual Ryegrass, 10% PR.

Advanced TFR

6-8 lbs

50 lbs

Advanced RTF®

7-8 lbs

50 lbs

RTF is the most advanced tall fescue blend on the market. It is a unique combination of high quality tall fescues and RTF grasses. RTF, Rhizomatous Tall Fescue, gives Turf Saver the added value no other tall fescue blends have. 100% TTTF.

Advanced RTF® with HGT®

7-8 lbs 50 lbs

Combines Advanced RTF with Healthy Grass Technology (HGT). 95% Advanced RTF: 5% Advanced HGT.

#### Advanced TTTF Plus 90/10

6-8 lbs

50 lbs

90% Turf Type Tall Fescue, 10% Kentucky bluegrass selected for its superior disease resistance, appearance, and performance.

### Advanced TTTF Blend

7-10 lbs

A 3-way blend of Turf Type Tall Fescue containing varieties selected for their color, appearance, and resistance to brown patch and gray leaf spot.

All blend varieties subject to change. Use half rate for overseeding.

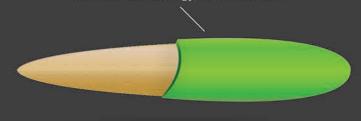

Contact your ATS sales rep to learn about our full line of ancillary products.

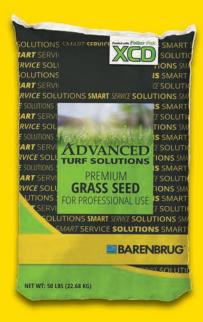

Improve seed germination and turfgrass establishment with Foliar-Pak's XCD seed coating technology.

> Beneficial bacteria, nutrients, Armament technology, and amino acids

technology, and amino acids work together to create an environment for the seed that promotes germination, root growth, and successful establishment. Choose seed coated with Foliar-Pak XCD for increased germination rates, rooting, and overall health of new turfgrass.
