SEED GUIDE

2026 - 2027

KENTUCKY BLUEGRASS PRODUCTS

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Advanced 80/20	3-5 lb	50 lb bag
80% Kentucky bluegrass varieties mixed with 20% perennial ryegrass to speed germination and diversity.		

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Advanced Athletic Blue/Rye	4-5 lb	50 lb bag
50% wear-tolerant, disease-resistant perennial ryegrass blended with 50% Kentucky bluegrass for a durable mix that is suitable for many locations.		

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Advanced HGT	2-3 lb	50 lb bag
Advanced HGT is a hearty bluegrass blend that is easy to grow, fast to establish, and resistant to disease. These benefits, combined with a remarkable tolerance to heavy traffic, make Advanced HGT the ideal choice for any bluegrass application.		

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
ProVista Kentucky Bluegrass	2-2.5 lb	5 or 30 lb bag
A revolutionary dark green Kentucky bluegrass blend that grows at half the rate of conventional Kentucky bluegrass. That translates into 50% less mowing and makes it a fantastic eco-conscious choice. This turf performs in the sun or shade.		

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
TWCA 100% KBG Blend w/XCD	2-3 lb	50 lb bag
This is a blend of elite Kentucky bluegrasses that meet the criteria of the Turfgrass Water Conservation Alliance and are high performers in NTEP. These grasses need 40% less water after establishment for survival. This blend has superior heat and drought tolerance. Combined with XCD coating, this is a terrific environmental choice.		

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
365ss Premium Blend	2-3 lb	50 lb bag
365ss is a revolutionary new bluegrass blend that offers the best of what sports field professionals demand. 365ss is extremely fast to germinate and establish, crowding out weeds and creating a dense sward that offers superior sod strength. 365ss also holds up to extreme wear and traffic, recovering quickly between games and allowing for more use with fewer days in between.		

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Advanced Sunny Mix	5-6 lb	50 lb bag
70% perennial ryegrass, 30% Kentucky bluegrass.		

RYEGRASS PRODUCTS

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Advanced Landscape Mix	5-6 lb	50 lb bag
50% perennial ryegrass, 30% Kentucky bluegrass, 20% creeping red fescue.		

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Advanced RPR	6-7 lb	50 lb bag
Barenbrug's innovative research has produced a new turf perennial ryegrass subspecies: <i>Lolium perenne ssp. stoloniferum</i> . Called RPR (regenerating perennial ryegrass), it exhibits superior traffic tolerance and recovery through a spreading growth habit. The Advanced RPR blend contains the best genetics available to outperform other wear-tolerant ryegrasses.		

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Breakout STT	7-15 lb	50 lb bag
The latest generation of turf-type annual ryegrass provides a darker color, much finer leaf texture, and more compact growth than older varieties. Suggested for overseeding and new seedings where rapid establishment of high-quality turf for seasonal persistence is required.		

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Advanced GLR Perennial Ryegrass	4-8 lb	50 lb bag
This is a carefully selected blend of disease-resistant and drought-tolerant ryegrass varieties. Advanced GLR displays a very dark green color and density at variable mowing heights. It's good for overseeding and permanent stands of turf.		

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Advanced Perennial Ryegrass	4-8 lb	50 lb bag
A three-way blend of perennial ryegrass designed for quick germination and cool-season durability. A great blend to choose when overseeding warm-season turf for the winter or to easily thicken a cool-season turf lawn.		

All blend varieties are subject to change. Use half rate for overseeding. ATS also sells sod-quality seed from Pure Seed, Mountain View Seeds, and Barenbrug/Jacklin, as well as custom blends and mixtures. Minimums apply. Contact your sales representative for more information about our seed offerings.

TURF-TYPE TALL FESCUE PRODUCTS

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Advanced Athletic Tuff Mix 80% TTTF, 10% Kentucky bluegrass, 10% perennial ryegrass.	6-8 lb	50 lb bag

Advanced Contractors Mix 70% tall fescue, 20% annual ryegrass, 10% perennial ryegrass.	6-8 lb	50 lb bag
--	--------	-----------

Advanced TFR 90% TTTF, 10% perennial ryegrass.	6-8 lb	50 lb bag
--	--------	-----------

Advanced RTF® Advanced RTF, by Barenbrug, is the most advanced and unique tall fescue blend available. All of the varieties in this blend produce rhizomes, creating a very durable surface for lawns, sports fields, and golf courses. It performs well in sun or shade. 100% rhizomatous tall fescue (RTF).	7-8 lb	50 lb bag
---	--------	-----------

Advanced RTF® with HGT® Combines Advanced RTF with Healthy Grass Technology (HGT). 95% Advanced RTF, 5% Advanced HGT.	7-8 lb	50 lb bag
---	--------	-----------

Advanced TTTF Plus 90% TTTF, 10% Kentucky bluegrass. Selected for its superior disease resistance, appearance, and performance.	6-8 lb	50 lb bag
---	--------	-----------

Advanced TTTF Blend A three-way blend of turf-type tall fescue containing varieties selected for their color, appearance, and resistance to brown patch and gray leaf spot.	7-10 lb	50 lb bag
---	---------	-----------

Improve seed germination and turfgrass establishment with Foliar-Pak's XCD seed coating technology.

Beneficial bacteria, nutrients, Armament technology, and amino acids

A proprietary blend of beneficial bacteria, nutrients, Armament technology, and amino acids work together to create an environment for the seed that promotes germination, root growth, and successful establishment. Choose seed coated with Foliar-Pak XCD for increased germination rates, rooting, and overall health of new turfgrass.

FINE FESCUE PRODUCTS

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Advanced Shade Mix 35% creeping red fescue, 20% chewings fescue, 20% perennial ryegrass, 15% hard fescue, 10% Kentucky bluegrass.	5-6 lb	50 lb bag

Pure Seed Fine Fescue Blend This is a combination of fine fescues that can be left to grow out and produce beautiful seedheads, or mowed to produce a drought- and shade-tolerant lawn.	3-5 lb	50 lb bag

BENTGRASS PRODUCTS

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Centennial Blend	1-1.5 lb	25 lb bucket

In commemoration of the 2020 Centennial Anniversary of the Green Section, the USGA partnered with Rutgers University and Mountain View Seeds to develop and release two unique new bentgrass varieties: Piper and Oakley. These high-ranking NTEP performers have been combined to create Centennial Blend, providing golf course superintendents with the best traits available.

PureGreen Pro	1-1.5 lb	25 lb bucket
----------------------	----------	--------------

An exclusive blend of Pure Distinction, Pure Eclipse, and Pure Select. PureGreen Pro combines three of the best bentgrasses available to provide a consistent playing surface that is tolerant to the harshest conditions while having fantastic playability and disease tolerance.

Pureway	1-1.5 lb	25 lb bucket
----------------	----------	--------------

An exclusive blend of Pure Select, PC 2.0, and Crystal Bluelinks bentgrass. Pureway is designed to perform well in all climates and conditions. The inclusion of Crystal Bluelinks increases the shade tolerance of this blend without sacrificing performance in full sun conditions.

Predator Blend	1-1.5 lb	25 lb bucket
-----------------------	----------	--------------

A blend of two high ranking NTEP varieties (Barracuda and Piranha bentgrasses), Predator is specifically designed to tolerate heat and a number of other stressors that destroy tees and greens, helping prevent potentially costly repairs. It is bred to excel in high heat conditions that can easily destroy other varieties and shows excellent resistance to dollar spot and brown patch.

Advanced Bent Tee	1-1.5 lb	25 lb bag
--------------------------	----------	-----------

An elite blend of creeping bentgrass.

PC 2.0	1-1.5 lb	25 lb bucket
---------------	----------	--------------

PC 2.0 has a dense, upright, and aggressive growth habit while displaying a stunning medium-green color and very fine leaf texture.

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Pure Distinction	1-1.5 lb	25 lb bucket

Pure Distinction is a uniquely bright-green bentgrass with aggressive growth, less thatch, easy maintenance, and strong resistance to diseases, heat, cold, and wear.

Cut N Paste	3-5 lb	50 lb bag
--------------------	--------	-----------

Containing 80% Chewings fescue and 20% creeping bentgrass, this seed is designed for use in fairway and tee divots in areas where quick germination is needed. Research shows that Chewings fescue is a great nurse grass for creeping bentgrass. The rapid germination of this product decreases competition from weeds in bentgrass repairs and gets damaged areas back into play quickly. Cut N Paste is treated with a unique blend of micronutrients and biostimulants.

BERMUDAGRASS PRODUCTS

	SEEDING RATE (per 1,000 sq ft)	PACKAGE SIZE
Rio Bermudagrass	2-3 lb	25 lb bag

#1 in establishment for seeded bermudagrass. Rio extends into colder climates, with winter hardiness and early Spring green-up that pairs with top NTEP turf quality and drought tolerance, making it the best choice for elite seeded bermudagrass applications. Coated with Hydroloc Technology for easier application and increased germination.

Advanced Bermuda	2-3 lb	25 lb bag
-------------------------	--------	-----------

An economical blend of proven seeded bermudas, coated with our XCD technology. For use on golf courses, sports fields, and home lawns.
