

ALYPSO™ PLUS

Infiltration Surfactant & Water Conditioner

GUARANTEED ANALYSIS

CONTAINS NON-PLANT FOOD INGREDIENTS

ACTIVE INGREDIENTS:

15% Alkyl Polyglucoside Esters

25% Carboxylic Acid Salts

OTHER INERT INGREDIENTS:

60% Water

100% TOTAL

KEEP OUT OF REACH OF CHILDREN

WARNING

PRECAUTIONARY STATEMENTS

Causes eye irritation. If medical advice is needed, have product container or label at hand. Read label before use. Wash protective equipment and work clothes thoroughly after handling.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators or handlers of this product should wear: protective eyewear, long sleeved shirt, long pants, boots and neoprene rubber, nitrile rubber or Viton® gloves. Consult the SDS for further information.

FIRST AID

If Swallowed: Rinse mouth. Have person sip a glass of water if able to swallow. Do NOT induce vomiting, unless told to by a poison control center or doctor. Do not give anything to an unconscious person.

If Inhaled: Move person to fresh air. If person is having difficulty breathing, give oxygen. If not breathing, give artificial respiration.

If In Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention.

If On Skin: Wash affected area with plenty of soap and water. Use tepid water if available. If skin irritation occurs: Get medical advice or attention.

GENERAL INFORMATION

ALYPSO PLUS contains a naturally-derived surfactant that reduces the surface tension of water and improves the infiltration of rainfall and irrigation into and throughout the turf or plant root zone. The water conditioner in **ALYPSO PLUS** reduces pH and addresses issues associated with poor water quality. **ALYPSO PLUS** may be tank mixed or used in conjunction with other soil surfactants, plant protectants or plant nutrients.

ALYPSO PLUS IS DESIGNED FOR USE ON GOLF COURSES, ATHLETIC FIELDS AND RESIDENTIAL OR COMMERCIAL TURF AND ORNAMENTALS, UNDER THE SUPERVISION OF GOLF COURSE SUPERINTENDENTS, SPORTS TURF MANAGERS OR PROFESSIONAL LANDSCAPE CONTRACTORS.

DIRECTIONS FOR USE

ALYPSO PLUS can be applied throughout the growing season without fear of discoloring sensitive turfgrass or plant species. **ALYPSO PLUS** is compatible in programs with most fertilizers and plant protectants. Adjust use rates and application timing depending upon conditions.

USE RATES, METHODS AND INTERVALS

INJECTION: Inject 32 ounces (946 ml) of **ALYPSO PLUS** per one acre (.40 ha) of turfgrass or ornamentals. Monitor results to determine water infiltration and adjust rate, up or down, in 2 ounce (59 ml) per acre (.40 ha) increments, until desired level of performance is achieved.

SPRAY APPLICATION: Spray 32 ounces (946 ml) of **ALYPSO PLUS** in a minimum of 60 gallons (227 L) of water to treat one acre (.40 ha) of turfgrass or ornamentals. Monitor results to determine water infiltration and adjust rate, up or down, in 2 ounce (59 ml) per acre (.40 ha) increments, until desired level of performance is achieved.

SPRAY CONDITIONER: Mix at a rate of .25 v/v to .5 v/v (1 to 2 quarts per 100 gallons of spray solution). Conduct a compatibility test with all tank mix partners prior to the application. Prior to using **ALYPSO PLUS** as a water conditioner, read and follow the label directions of all tank mix partners.

APPLICATION INTERVAL: Use **ALYPSO PLUS** monthly throughout the growing season. The application interval may be adjusted as needed.

STORAGE AND DISPOSAL

Protect product from freezing. If product freezes, warm to room temperature before use. Store in original container only and do not reuse empty container. Rinse container thoroughly, disposing of rinsate and the container in accordance with federal, state and local regulations.

CONDITIONS OF SALE: Read the information contained herein before buying or using this product. If the stated terms are unacceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated hereon and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the Company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product shall be the purchase price paid by the user or buyer for the product involved.
