- If on skin: Wash affected areas with soap and water. Seek medical attention if irritation persists. Wash contaminated clothing before reuse.
- If in eyes: Immediately flush with water for at least 20 minutes. Seek medical attention if irritation persists.
- If inhaled: Move victim to fresh air. Seek medical attention if irritation persists.

DIRECTIONS FOR USE

Apply only as directed during the growing season.

Use Contec DG® Dispensing Granule Technology 9-0-18 for greens, tees and other fine turf areas where a nitrogen and potassium fertilization is desired or when iron and manganese are needed to help correct or prevent deficiencies during the growing season.

Watering in this product will disperse each granule into thousands of particles. This will facilitate the movement of the nutrients into the soil. This particle dispersion will also greatly reduce ball, shoe and mower pickup. Cold weather and/or cold water (lower than 45°F/7°C) can result in slower particle dispersion.

Application to wet, close-out golf turf may result in fabric staining, which will discolor the turf to a brown/black appearance. This can occur even if immediate irrigation or rainfall occurs. It is recommended that this product be applied to dry turf only.

Application Rates:
LIGHT: 1.8 lbs/1,000 sq. ft.
LOW: 2.7 lbs/1,000 sq. ft.
MEDIUM: 3.6 lbs/1,000 sq. ft.
HIGH: 5.6 lbs/1,000 sq. ft.

FLORIDA APPLICATIONS:

We recommend that you follow the Florida Green Industries BMP's at http://www.flaes.org/pdf/BMP_Book_final.pdf

We recommend that you follow the Florida Golf Course BMP's at <http://www.flaes.org/pdf/gfbmp07.pdf>

For all applications: Immediately after application, for optimum results, apply a minimum of 0.2 inches of water to disperse the granules.

Note: This product contains the micronutrient iron for extra greening and to help prevent iron deficiency. Iron may stain concrete and other surfaces. Misspelled product to these surfaces should be removed promptly by sweeping or blowing. DO NOT WASH OFF WITH WATER.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden and sweep any product that lands on the driveway, sidewalk or street, back onto your lawn/garden.
