WINTER GOLF SEMINAR:

Due to weather conditions, Advanced Turf Solutions has rescheduled the winter education meeting offered at Elcona Country Club to be held on Wednesday, February 19, 2014.

We have asked the following industry leading manufactures to share some of the solutions they've observed over the last year, including university research:

EnP Turf
The Andersons
BASF
Precision
Advan

This discussion will focus on providing valuable information and not promoting product sales.

We hope you will join us! Coffee, donuts, and lunch will be provided so please RSVP to your sales rep by Friday, February 14th. 5 3B CCH points have been approved and GCSAA CEU's have been requested.
