

Armament® K

0-0-24

Foliar-Pak® Armament® K protects nutrients from adverse interactions in the soil while increasing potassium uptake and efficiency by as much as 30%.

PRODUCT DESCRIPTION/ BENEFITS

- Potassium controls the translocation of carbohydrates, plant osmotic relations, and is integral to protein synthesis.
- Foliar-Pak Armament K provides a high analysis liquid potassium that can be effectively tank mixed with other nutrients and wetting agents.
- Armament technology protects nutrients from being tied up in tank mixes and in the soil.
- Acting as a buffer, Foliar-Pak Armament K can be used in high pH and hard water.
- Armament technology increases nutrient availability by unlocking existing tied-up soil nutrients and converting them into plant usable nutrients.

GUARANTEED ANALYSIS

Soluble Potash (K₂O)24.0%

Derived from: potassium acetate

PRODUCT INFORMATION:

Weight per Gallon: 11.02 lbs
pH: 8.3
