

ICE MELT CATALOG

 **ADVANCED**[®]
ICE SOLUTIONS

SMART

Providing the best value and quality ice melt when you need it all season long.

SERVICE

Numerous locations to serve you better. Offering to your door forklift delivery.

SOLUTIONS

Knowledgeable sales representatives to assist you in solving your toughest ice issues.

ICE MELTERS

5° BELOW

50 lbs bag

5° BELOW is an economical ice melt blend that is gentle and easy to use. It contains calcium chloride flake and is coated with magnesium chloride to quickly melt snow and ice down to -5°F.

Avalanche Deicer (Blue)

50 lbs bag

Avalanche Deicer (Blue) contains special Calcium Magnesium Acetate formula that forms a protective coating on the surface area to guard against concrete and corrosion damage. Avalanche Deicer is safe to handle without protective clothing and does not dry-out or irritate skin. Nature's own ingredients are combined for minimal harm to vegetation and plant life. With Avalanche, there is no slick, slimy tracking taking place, making clean-up virtually non-existent.

THAW MASTER

50 lbs bag

THAW MASTER is a commercial ice melter containing AMC - the catalyst that ignites melting power, which enhances the speed of the product and acts as an anti-dust agent. This fast-acting product utilizes calcium chloride and magnesium chloride to quickly form an ice melting brine. THAW MASTER is dyed green for easy application and increased visibility allowing for proper placement. This blend will melt snow and ice to -5°F and is safe on concrete when used as directed.

Morton® Professional Grade Ice Melter

50 lbs bag

Morton® Professional Grade Ice Melter is the faster way to clear the way. Morton® Professional Grade Ice Melter is a blend of sodium chloride and calcium chloride that generates heat to melt ice and snow faster and longer than rock salt alone. Morton® Professional Grade Ice Melter is proven to melt ice even in sub-zero temperatures. Morton® Professional Grade Ice Melter is available with blue (shown) or no dye.

Calcium Chloride- Peladow® Pellets, DowFlake™ Xtra Flakes

Pellets – 50 lbs bag

Flakes – 50 lbs bag

Calcium chloride is a fast, effective ice-melt material, melting and penetrating ice at temperatures as low as -25° F. For more than 100 years, calcium chloride products have helped make the surfaces of sidewalks, driveways, parking lots and roads safer. The pellets are perfect for steps, sidewalks, driveways, and parking lots. The flakes are faster melting; ideal for deicing paved roads, service and access roads, driveways, and parking lots.

Magnesium Chloride- MAG® Ice Melting Pellets & Flakes

Pellets – 50 lbs bag

Flakes – 50 lbs bag

Magnesium Chloride is safe and effective ice-melt material, melting ice at temperatures as low as -13°F. Magnesium Chloride is less corrosive to metal and concrete surfaces, safer around vegetation, animals and humans, and more environmentally friendly than traditional ice melt products.

ROCK SALT

OUR
LIQUID
OPTIONS!

Morton® Safe-T-Salt® Rock Salt

50 lbs bag

Morton® Safe-T-Salt® Rock Salt is the economical ice melt choice. It melts ice and snow from driveways, parking lots and streets. Morton® Safe-T-Salt® rock salt will flow freely through spreaders. Do not use on brick or flagstone walkways having mortar joints.

Ice Patrol – Rock Salt

50 lbs bag

Ice Patrol Rock Salt is an economical and effective ice melter. Ice Patrol Rock Salt has optimally sized granules for maximum performance. It flows freely through commercial spreaders.
